TEN YEAR LIMITED WARRANTY

Congratulations on your recent purchase of EnduroShield®. EnduroShield makes cleaning a breeze!

PCT Global LLC warrants that EnduroShield® will remain water repellent (water bead angle remaining greater than 70 degrees) for a period of ten years from the date of the receipt provided by your dealer.

Conditions: EnduroShield must be professionally applied to new glass and prior to the glass coming into contact with any contaminants. EnduroShield must be applied and maintained as per manufacturer's instructions to validate and maintain the warranty. This Limited Warranty is for the EnduroShield protective coating, not the glass or any other components. If, within the warranty period, you feel that your glass is no longer easy to clean, please send an email to serviceusa@enduroshield.com and provide a brief explanation of the problem, along with your name, address, telephone number and the date EnduroShield was applied. This Limited Warranty is void if the EnduroShield protective coating is damaged by accident, improper use, or a failure to follow recommended cleaning instructions.

Visit <http://www.enduroshieldusa.com/care-instructions> for detailed care instructions.

If it is determined that an area that has been correctly treated has not remained water repellent, PCT Global LLC, will gladly arrange replacement EnduroShield for Glass to re-coat the area that is deemed to be unprotected. PCT Global LLC reserves the right to inspect the glass in order to determine that the product has been applied and maintained in a manner consistent with the manufacturer's instructions.

As your warranty has already been registered, there is no requirement to mail in this certificate
