

TILES & GROUT:

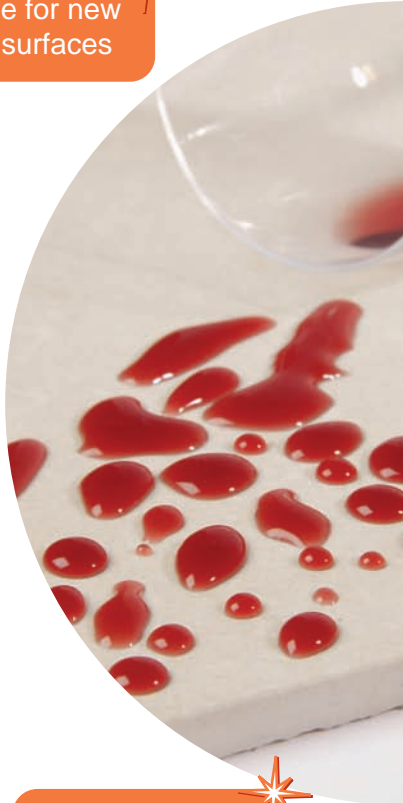

EnduroShield® for tiles and grout can be used on all ceramic, vitrified and porcelain surfaces, such as tiles, toilets and basins. Ideal for the tiles and grout in the shower enclosure, it prevents mould from penetrating below the protective coating making the surface much easier to clean!

Suitable for new or old surfaces

- Professional application available
- 3 Year warranty on all tiles & grout

EnduroShield

Reduces mould & algae build up

BACKSPASHES

EnduroShield is great for use on coloured glass or tiled backsplashes, making the cleaning of food and cooking oils a breeze.

EnduroShield

Makes Cleaning a Breeze

EnduroShield® is a revolutionary, invisible coating that repels water, soap scum & grime, allowing you easier cleaning, less often.

- ✓ **Makes cleaning a breeze**
 - An occasional wipe down is all it takes, no more scrubbing
- ✓ **'Once only' application**
 - Keeps surfaces looking brand new
- ✓ **Helps prevent harmful bacteria build-up**
 - Promotes a germ free environment
- ✓ **Superior protection**
 - Against the corrosive effects of hard water, soap scum, chemicals, dirt, grime and salt.
- ✓ **Reduces cleaning time**
 - By up to 90%
- ✓ **10 year warranty**
 - On new glass (professional & factory applications)
- ✓ **3 year warranty**
 - On existing glass and all tiles and grout

EnduroShield

UP TO **90% LESS CLEANING**

PERMANENT PROTECTIVE COATINGS
GLASS • TILES & GROUT • PORCELAIN

SHOWER DOORS:

Save time and money with EnduroShield®, the revolutionary permanent non-stick coating ideal for all glass shower doors. The once only application makes grime, dirt and soap scum easier to clean by up to 90%.

Reduce cleaning time by up to 90%

- Installed by glass suppliers or EnduroShield applicators
- 10 Year warranty on new glass (factory or professional application)
- 3 Year warranty on existing glass

- Suitable for new or old glass
- Once only application
- Permanently bonds to glass
- Protects against etching and staining from:
 - hard water
 - lime scaling
 - soap scum
- Works on all glass including bathroom mirrors

GLASS FENCING & RAILING:

EnduroShield® is perfect for glass railing and fencing. The invisible coating protects against corrosion and etching from contaminants including salt, bird droppings and pollution.

Untreated glass is porous and as a result it absorbs pollution and contaminants which cause deterioration and discolouration. The deterioration of the surface makes cleaning more frequent and difficult.

EnduroShield seals the porosity of the glass preventing the deterioration caused by etching and corrosion. As a result the time and frequency of cleaning the glass is reduced.

WINDOWS & DOORS:

EnduroShield® is ideal for use on any glass windows and doors. The once only application makes dirt and grime easier to clean by up to 90%. It will also protect against corrosion and etching caused by contaminants including sea salt, bird droppings and cement slurry during the building process.

Maintain the look of your home

Protect against corrosion & etching

- Suitable for new or existing surfaces
- Coating is UV stable
- Prevents against etching and corrosion from:
 - sea salts
 - dirt & contaminants
- Makes fingerprints easier to clean
